

22<sup>nd</sup> June 2007

WEATHER WARNING

*Snowfall is expected to set in on Tuesday night, the 26<sup>th</sup> June 2007...*

The next seven days (22<sup>nd</sup> - 29<sup>th</sup> June) will witness active weather, including snowfall. It will remain fine and mild but cold in the highlands on Saturday and Sunday morning. However partly cloudy to cloudy weather can be expected later on Sunday the 24<sup>th</sup> June continuing into Monday with a possibility of light rain in the south-west. Snowfall in the high lying areas and scattered to widespread rain are anticipated to set in on Tuesday night continuing into Wednesday. These conditions will be accompanied by very cold weather especially on Wednesday and Thursday. There is also a chance of light rain and snowfall in the southern Highlands on Thursday. Friday is expected to be partly cloudy and very cold.
