WEATHER WARNING

Snowfall is expected to set in on Wednesday, the 25th July 2007...

Very cold to extremely cold weather accompanied by snowfall is expected from Wednesday 25th July 2007 lasting until Monday the 30th July 2007. The southern parts of the country, that is from Mafeteng through to Qacha 's Nek and the rest of the Highlands are highly likely to be affected by these conditions.

The general public and people who wish to travel to the mentioned places are advised therefore to refrain from attempting to travel into the highlands during this period (25th to 30th July 2007). These conditions are expected to improve from Tuesday 31st July 2007.
